Channel Partners Capital Honored for Significant Growth For 7th Consecutive Year, Working Capital Provider Achieves the Inc. 500/5000 List

Minnetonka, MN – Channel Partners Capital (Channel), a nationwide leading provider of small business working capital, was ranked 961 among the 5,000 fastest-growing private companies in the U.S. by Inc. magazine for the seventh straight year in 2019.

“Our consistent growth results from the strong relationships we build with equipment finance partners and their customers,” says Brad Peterson, CEO Channel Partners Capital. “We work hard to provide convenient, easy access to growth capital for small business customers who are often acquiring equipment at the same time.” Adds Peterson, “Leveraging these connections ensures that our partners are in the right place at the right time to help small businesses with their working capital needs.”

“Of the tens of thousands of companies that have applied to the Inc. 5000 over the years, only a fraction have made the list more than once.” States James Ledbetter, Editor in Chief, Inc. Media. “A mere one and a half percent of companies have made the list 7 times.” That makes Channel’s accomplishment ranked among the elite.

In May 2018, Channel closed on a mid-eight figure equity investment and a senior debt facility that will support over \$300 million in annual fundings, allowing Channel to continue its trajectory of growth as one of the most financially stable companies in the industry.
